Specification of F2000-M

Application: It can be used for cultural and tourism landscape lighting, entertainment venues such as KTV and bars, and can also be used for home courtyards or interior decoration.

Item	Project	Parameters
1	Wavelength & Power	638nm-400mW, 525nm-740mW, 450nm-1W
2	Projection Angle	$\geq 120^\circ$
3	IP-Rating	IP65
4	Control Mode	Self-propelled program (horse racing, strobe, gradient, forward and reverse rotation)
5	Power Consumption	$< 18W$
6	Lifetime	10000 hours
7	Classification	Class 3A
8	Input voltage	AC100-240V
9	Operating Temperature	$-30 \sim 40^\circ C$
10	Dimensions	$\phi 149.8 \times 272.8mm$ & 2.2KG (Round base version) $\phi 149.8 \times 543.4mm$ & 2.0KG (Ground plug version)
11	Warranty	1 Year
